

TROTSKY AND LENINE ASK U. S. FOR RECOGNITION

Note Received by Wilson from Soviet Government

PARIS, March 28.—(By The Associated Press.)—A rumor was current last night that the United States had received a note from Premier Lenin and War Minister Trotsky of the Russian soviet government asking recognition for the government, says Marcel Hutin in the Echo de Paris today. M. Hutin adds that he "cannot say that President Wilson is disinclined to give the request favorable consideration."

An unofficial member of the American peace mission who has returned from Petrograd saw Nikolai Lenin, the Bolshevik premier of Russia, while he was in that country. It is believed that this may have given rise to the rumor that the Soviet government was seeking recognition from the allied and associated governments which was reported in the newspapers today.

Council of Four Busy.
Paris, March 28.—(By The Associated Press.)—The council of four engaged today in the consideration of reparations.

Premier Clemenceau introduced a new element into the discussion in the form of a proposition entirely different from that heretofore presented regarding the Saar Valley. It is believed that the question relates to the occupation of that region by the French until Germany has effected full reparation to France. The discussion of the subject will be continued tomorrow.

The League Amendment.
Paris, March 28.—(By The Associated Press.)—The Australian peace delegates have pointed out that the proposed amendment to the league of nations covenant regarding the Monroe Doctrine providing for recognition of the binding force of the policies heretofore applied would validate and confirm Japanese claims to preponderance in China and the Orient.

Fear is expressed in some quarters that this may jeopardize the amendment. Experts are trying to find a formula that will overcome this objection and meanwhile the amendment has been withheld from insertion in the covenant.

Talks Intensive.
Paris, March 28.—(Havas.)—President Wilson, and Premiers Clemenceau, Lloyd George and Orlando held another meeting today at President Wilson's Paris residence. No decision has been reached, it appeared, regarding the place where the German financial mission which is to hold consultations with allied representatives shall be received. It is said that the report that the Germans would arrive at Versailles Sunday is incorrect. They may be directed to proceed to Brussels or to Spa where the conference city will be made known to them. That plan, it is declared, probably will not be Versailles.

2,000 SOLDIERS COULD PUT DOWN NEW GOVERNMENT

Berne, March 28.—(French Wireless Service.)—Two thousand resolute French or British soldiers would be able to put down the new Hungarian government and restore order in that country. Prince Ludwig of Hungary, former member of the Hungarian cabinet says in an interview in the Geneva Journal.

The prince declared that the new government does not represent anything outside of Budapest.

URGENT APPELLATE COURT MARTIAL TRIBUNAL

Washington, March 28.—Establishment by law of an appellate court martial tribunal similar to the board of review now maintained in the office of the judge advocate general was urged today by Lieut. Col. Edwin R. Kedy of the judge advocate general's office in a statement before the special committee of the American Bar Association which is inquiring into court martial procedure. Colonel Kedy called attention to the fact that there had not been a single execution in the American army for a purely military offense.

WILL STABILIZE TOBACCO PRICES

Lexington, March 28.—Plans for permanent organizations of tobacco warehouses and tobacco growers of Kentucky for the purpose of limiting production of tobacco so as to stabilize prices were perfected at a meeting of representative tobacco dealers and growers here today.

CHALLENGED TO A DUEL

Berlin, March 28.—(By The A. P.)—General von Plessner for many years commander of the former emperor's conduct as challenged Count Hoenbroech to a duel, because in a pamphlet Hoenbroech characterized the former emperor's conduct as cowardly, according to the Lokal Anzeiger.

The newspaper adds that Hoenbroech declined to accept the challenge.

50,000 Recruits For Immediate Service Abroad

(By The Associated Press.)

WASHINGTON, March 28.—An immediate call for 50,000 volunteers for service in Europe has been prepared by the war department and probably will be published tomorrow. As an incentive to enlistment the men will be offered early duty in France as a relief for men in the expeditionary forces who wish to return home.

Enlistment in this special force will be for three years. The men will be concentrated at Camp Meade, Maryland and probably will be sent overseas in contingents of 1,000 strong.

War department officials expressed confidence that no trouble would be experienced in raising the 50,000 men on an even greater number if it should be found that additional increments were necessary. The bulk of the men are expected to come from recently discharged troops who after a short "vacation" as civilians, desire to return to army life. Another incentive expected to have a decided effect on the recruiting campaign is looked for among the men who after having been trained were prevented from going overseas by the signing of the armistice.

Opportunity to see service in Germany it is thought, will lead many of these to enlist. Probably ten or twelve officers will be sent overseas with each increment of 1,000 men leaving Camp Meade. There will be used at the concentration camp to give the preliminary training necessary to men who are to take the necessary examination.

On arrival in Europe they will take the place of officers who are eligible for discharge.

GERMAN SUBS WILL BE BROUGHT TO U. S.

(By The Associated Press.)

WASHINGTON, March 28.—Five surrendered German submarines will leave England tomorrow for the United States manned by American crews and conveyed by the American submarine tender Bushnell. They are expected to arrive in American waters late in April and will be displayed at ports to be selected in connection with the next Liberty Loan campaign.

One of these craft is the U-117, a seagoing mine layer which during the war planted mines along the American coast. Two of them are the U-88 and U-148, regular submarines of the smaller type. Another is the U-678, one of the small mine layers and the fifth is the U-11, the standard U-boat. Later it is expected that one of the big cruiser submarines equipped with deck guns will be sent over. The date of arrival on this side is uncertain.

Plans for the submarines were assembled in England most of the men being sent from the United States. Naval orders published today showed the arrival in London of seven lieutenant commanders for duty in connection with the departure of the submarines.

The five submarines which are being brought over for the double purpose of giving the United States naval experts a chance to study them, and principally for exhibition in American ports during the liberty loan drive, represent four different types of German undersea boats. In addition it is expected that one of the big cruiser submarines, one of the gun fighters will be secured later.

GERMANS LEAVE FOR VERSAILLES

BERLIN, Thursday, March 28.—The German financial commission will leave Weimar for Versailles tomorrow at noon equipped with the fullest instructions and powers. It hopes to arrive Saturday at noon.

Versailles is believed to have been chosen for the place of meeting with the allied financial experts because the members there will escape any unpleasantness they might be subjected to in Paris.

The press in Paris is convinced that the German financial commission will be given questions of considerable importance to work upon and that it will be regarded as a regular and permanent financial and political connecting link between the economic council and the German peace delegation. It is anticipated that important financial and economic questions which will start immediately on the arrival of the commission will lead directly to genuine political negotiations with which the peace commission will deal.

VILLA DECLARES HE IS READY TO HELP U. S.

Juarez, March 28.—Francisco Villa told an American prisoner in his camp that "he was ready to shoulder his rifle and aid the United States—his neighbor—whenever needed," according to the American who just arrived at the border after being a prisoner of Villa in Western Chihuahua for ten days. He declined to permit his name to be used but is known here and throughout Mexico as a reliable man.

GERMANY WILL SURVIVE AS LONG AS THERE IS WORK

Declares Berlin Minister of Finance, Dr. Schiffer

BERLIN, Thursday, March 27.—(By The A. P.)—Germany is not bankrupt because she has the possibility of work, Dr. Schiffer, German minister of finance told the correspondent today in discussing the financial situation.

"But," he continued, "she will become bankrupt whenever the possibility of working is taken away."

"The financial outlook simply disappears into nothingness in case of an unfavorable peace that does not give us an opportunity to recover our equilibrium."

Dr. Schiffer repeated the German complaint that the delay in making peace increases the danger of Bolshevism but expressed optimism for the future if Germany is able to obtain food and raw material.

The financial minister pointed out the American investment was especially favorable under the present rate of exchange.

After remarking that the new German taxation system must await the peace treaty the finance minister said that Germany was faced with the payment, first of its before-the-war debts and credits granted by neutrals; second with international war debts—loans in support of war sufferers and third, the indemnity it may have to pay. Until the amount of indemnity was definitely established there could be no taxation legislation beyond general outlines.

Dr. Schiffer insisted upon the necessity of paying old obligations owing to the urgent need of credit.

The finance minister declared that every known means of raising money would be resorted to. He said that income property would be taxed heavy both for the purpose of raising money and for the economic effect on prices.

BUNDY GIVEN LIFE SENTENCE

ST. LOUIS, Mo., March 28.—Leroy N. Bundy, East St. Louis negro dentist, was sentenced to life imprisonment in the penitentiary today by a jury in the circuit court at Waterloo, Ill. Bundy has been on trial since March 18 for conspiracy to murder in connection with the deaths of Detectives Samuel Coppedge and Frank Wodley, July 1, 1917, which incited the massacre of negroes the following day.

Attorneys for Bundy have filed a motion for a new trial and arguments will be heard on April 7. In default of \$50,000 bail Bundy was incarcerated in the county jail.

ORDER 500 SUITS FOR A. E. F. TRACK TEAM

WASHINGTON, March 28.—An order for 500 track suits for the track teams of the American expeditionary force which will represent the United States in the inter-allied championships to be held in May was received today by Captain John L. Griffith, executive officer of the committee on training camp activities.

The track suits will consist of blue running trunks, with red stripes down the sides and a white shirt with half inch red band around the neck and arms and red "U. S." on the breast. The suits will be shipped to France immediately.

MISSOURI WOMEN GIVEN SUFFRAGE

JEFFERSON CITY, Mo., March 28.—The bill by Senator McKnight giving women the right to vote for presidential electors was passed today by the senate without debate by a vote of 21 to 12.

Following passage of the bill a resolution was adopted to submit to voters at the next general election the constitutional amendment giving women full suffrage rights.

The McKnight bill prohibits women from voting for officers other than presidential electors and provides ballots for women of color "plainly distinguishable from those given men."

DIES FROM WOUNDS

Manchester, Va., March 28.—L. D. Hudson, the 18 year old companion of Raymond Shackelford, the alleged bootlegger killed by state prohibition agents last Wednesday, died today from wounds received in the officers' fire upon Shackelford's automobile. In a deposition taken yesterday, young Hudson denied that he or Shackelford had returned the fire of the prohibition agents.

ARMENIA GREATLY IN NEED OF FOOD

Paris, March 28.—(Havas.)—The need for food in Armenia is urgent and thousands are threatened with starvation, according to a telegram from Mr. Helms, an American relief worker in Tiflis, sent to the Armenian delegation here and transmitted to the peace conference by the delegation.

Rathbun Pardon Case Enters Into A New Phase

(By The Associated Press.)

DES MOINES, Ia., March 28.—Investigation of the Rathbun pardon case entered a new phase late today when the Iowa house judiciary committee heard testimony regarding the setting aside of the pardon and consequent imprisonment of Ernest Rathbun. The testimony centered around the alleged "bargain" between the Rathbuns and the state counsel, which resulted in young Rathbun's consent to imprisonment before the committee.

It was followed by the quashing of certain indictments against Rathbun's father and brother and his attorney, George Clark. Most of the testimony was given by A. C. (Burt) Johnston of Ida Grove, special prosecutor in the Rathbun trial and who, other witnesses have said, first suggested the alleged "bargain" to the Rathbuns.

H. V. Ryer, committee counsel, severely rebuked Johnston, Attorney General Hayner and Clark for their part in the agreement, charging Johnston with "saving Clark and sending young Rathbun to the penitentiary."

"That boy is being held illegally in the penitentiary," Ryer shouted at Johnston, "and could be released on his own demand."

When asked if he did not think it unfair to have deprived Rathbun of his freedom to "save" others, Johnston declared, "I had never considered the pardon legal and therefore did not consider that Rathbun had been legally free."

It has been brought out, according to the testimony of the foreman of the Ida county grand jury, that indictments voted against Clark and the father and brother of Rathbun, were not returned after Attorney General Hayner had acquiesced the jury of the "bargain" and had recommended quashing the indictments.

COMPARES LEAGUE IDEA WITH FORMER EMPEROR

ST. LOUIS, March 28.—Comparing the idea of the proposed league of nations with the ambitions of the former emperor of Germany, United States Senator Poinsett of Washington in an address before members of the City Club here today advocated the formation of alliances as a substitute for the proposed covenant.

The Kaiser sought to set up a world government, Senator Poinsett declared, and there is not a doubt that he believed it was for the best interests of mankind. He proposed to enforce peace and to suppress the struggling aspirations for freedom. Likewise the constitution of the proposed league proposes to enforce peace, to put the world in a straight jacket and expressly provides that the members of the league shall guarantee the territorial and political integrity of all the members against every attack.

Instead of joining the league America can enter alliances with nations that fought the war with her and the result would be the same as that promised by the league without the possibility of surrendering American sovereignty. The Monroe Doctrine is essentially American and therefore it is impossible to spread it all over the world as this super-government the league of nations proposes to do. The senator declared the proposed interference of the proposed league with the self-determination of the various peoples would be a cause instead of a preventive of war.

POLICE AVIATION SQUADRON FORMED

NEW YORK, March 28.—Plans of the New York police department for a "cloud cop" position materialized today when 26 American, British and French aviators were sworn in the office of Deputy Police Commissioner Rodman Wanamaker as members of the police reserves.

Coy. Jefferson De Mount Thompson who will command the police aviation squadron, announced that planes would be ordered in May. The squadron probably will take the air by June he said.

According to Colonel Thompson the squadron when completed will comprise 150 men, including fliers, mechanics, supply officers, medical officers, a chaplain and cooks.

Landing places will be at Governor's Island, Vancouver, and Sheephead Bay. Later landing places probably will be erected on the tops of high buildings. Both land and sea-planes will be used he said.

WOMEN CELEBRATE SUFFRAGE IN ST. LOUIS

St. Louis, Mo., March 28.—The mass meeting at the Odeon tonight developed into a celebration in honor of the passage of the presidential suffrage bill by the Missouri senate today. As at the afternoon session the meeting was transformed into a medium of shouting, applauding suffragists when the news was announced.

Order was restored by Dr. Anna Howard Shaw when she urged the women to sing the Doxology and immediately "Praise God from Whom All Blessing Flow," was sung by 2,000 persons in the hall.

New Amusement Taxes Effective Next Tuesday

(By The Associated Press.)

WASHINGTON, March 28.—New amusement taxes which go into effect next Tuesday will fall heavily on theater ticket brokers and will raise cabaret admission.

In admission to the ordinary tax of one cent on each 10 cents charged for theater tickets, news stands, hotels or other broker agencies dealing in theater tickets are the excess charged by that agency above the usual box office price, providing this excess is fifty cents or less, 50 per cent if the excess is more than 50 cents above the box office charge. The excess is figured on the box office charge plus ordinary tax, and the broker pays the tax.

The effect of this tax is expected to limit brokers extra charges in many cases to fifty cents. Purchasers of tickets from brokers will be required to pay the usual tax of one cent on each ten cents charged by the broker.

Club dues and initiation dues exceeding \$10 a year are taxable at ten per cent.

Transportation, insurance and stamp taxes also go into effect next Tuesday. The new act lays a tax of three per cent on freight charges, approximately five per cent on express charges, eight per cent on passenger and Pullman fare and eight per cent on oil pipe line charges. For telephone or telegraph messages on which charges are between 15 and 50 cents the tax will be five cents and if the charge is more than 50 cents the charge will be ten cents. Ten per cent is assessed on leased wire tolls.

HINES DISCUSSES RAIL PROBLEMS

CHICAGO, March 28.—Walker D. Hines who made his first official visit to Chicago today as director general of railroads, speaking at a Press Club dinner said the time is now propitious for solving the railroad's problems with the public more nearly appreciative of the service of the lines than ever before. Also he said the expenditures required of the government for operation of the roads would not show as great a loss as many people suppose.

"While the world has been moving rapidly toward the eight hour day," said Mr. Hines, "the issue came more quickly with the war. The government had to follow a policy of uniformity with respect to wages and hours."

The purchasing power of the dollar having been greatly diminished, he said, it followed that the railroad's dollar suffered as much as any other dollar. The 2,000,000 railway employees, a very large part of them, had been paid low wages, he said, and the government was confronted and had met the difficult problem of increasing wages soon after federal administration began.

Mr. Hines urged the necessity of steady action by the new congress in appropriating for the administration. The director concluded by saying he believed "some form of private management" would follow the termination of government control. But he asserted the old plan of private operation by some 170 companies would never again be approved government representation on boards of directors and these government directors should be members of a regulating body, in order to use to advantage the knowledge obtained thru the directorships.

Mr. Hines strongly urged the necessity of steady action by the new congress in appropriating for the administration. The director concluded by saying he believed "some form of private management" would follow the termination of government control. But he asserted the old plan of private operation by some 170 companies would never again be approved government representation on boards of directors and these government directors should be members of a regulating body, in order to use to advantage the knowledge obtained thru the directorships.

FAIL TO REVEAL TRACES OF POISON

ation of the viscera of Mrs. Mary Thorne, the woman whose estranged husband, Patrick J. Reaney of Dallas, Texas, is charged with murder, failed to reveal traces of poison county chemist John E. Clark reported to the prosecutor today. It is charged that Reaney forced his wife to drink a concoction he mixed in a hotel room here Feb. 25 after falling in love with her. When Mrs. Reaney died a week ago, physicians claimed she showed symptoms of slow poisoning.

Detroit officers are now in Dallas awaiting a hearing Monday on Reaney's extraction.

NEW ORDER WILL NOT AFFECT U. S.

Washington, March 28.—The new British order in council prohibiting the export of gold will not affect this country in the opinion of officials here. Transfer of gold between the allies virtually ceased when the United States entered the war, credits being arranged to eliminate the necessity for transport of gold from one country to another. For many months the gold imports into the United States have averaged only a few millions.

DISCUSS ONLY ORGANIZATION MATTERS

Jefferson City, Mo., March 28.—No mention of United States Senator James A. Reed's opposition to the proposed league of nations was made at a meeting today of the organization committee of the Democratic state committee, according to Ben N. Tamm, chairman of the state committee. "Only organization matters were discussed," he said.

PROHIBIT EXPORT OF GOLD

London, March 28.—An order-in-council issued this evening prohibits the export of gold coin or bullion anywhere.

WILL COMBAT BOLSHEVISM

Zurich, March 28.—The Polish diet has adopted a resolution that Bolshevism shall be combated with all the force of the Polish government, a dispatch from Warsaw says.

CHARGE CHICAGO DEALERS WITH PRICE FIXING

Evidence Obtained by Legislative Investigating Committee

(By The Associated Press.)

CHICAGO, March 28.—Evidence tending to show that Chicago building material dealers engaged in price fixing in March, 1917, thru price lists issued by the Chicago building material exchange was obtained today by the legislative commission investigating the subject.

A copy of a letter alleged to have been sent out by the organization naming the prices to be charged by members of the exchange for various building materials was presented by Representative Igo and read into the record. The letter stated that it was the policy of cement dealers not to sell in carload lots except where the material was to go directly into the job from the car.

Charles Woodward, manager of the Chicago Building Material Credit Bureau who was questioned regarding the operations of alleged price fixing combination admitted receiving a salary of \$5,000 a year but insisted that his concern did nothing but make financial reports for its thirty two members on the rating of contractors.

He said the Chicago Building Exchange occupied adjoining offices but had not been active for more than a year. He denied that either the credit bureau or the exchange ever fixed prices. The exchange he said was organized to handle troubles of its sixty members.

William Schlack, president of the Illinois Brick Company which operates 12 plants in Chicago, all of which have been shutdown since last September, testified that the price of common building brick had increased from \$7 to \$12 a thousand due to increased freight, labor and fuel.

The witness said that at the request of the United States department of commerce, Chicago brick makers recently fixed \$10 a thousand as the minimum price on board cars and \$12 a thousand delivered by team in Chicago.

Mr. Schlack's Opinion.
Mr. Schlack expressed the opinion that this price could not be lowered until the cost of production is reduced.

"This committee should make its report to the general assembly as soon as possible so as to convince the public that there is no prospect of lower prices for building material in the immediate future. This I think will do more than anything else to stimulate building," said the witness.

Burt T. Wheeler, representing the Kimball Hill Brick Company dealers in faced brick said the price of that product had increased 40 per cent and declared the increase was justified by conditions. He expressed the view that building would be resumed at present prices as soon as the country was convinced that it was impossible to lower prices this year.

C. C. Bar, president of the Barr Clay Company, Streator, Ill., expressed a similar opinion. His plant had been idle since last August he said. He was willing to lease or sell his plant to the state. He said prices of brick could not be reduced under present conditions.

DISCUSS POLISH FRONTIER QUESTION

PARIS, March 28.—Havas.—The condition of a preliminary peace with Germany are still being considered by President Wilson and the premiers of Great Britain, France and Italy. The four government heads today deliberated on the question of a Polish frontier according to the newspapers who believe that there will be some difficulty in reaching an agreement on the principle of the annexation of Poland of territory containing two or three million Germans.

The papers believe that the council will reach a decision sooner on the question of reparations than on the Polish question.

HOPE TO ADJUST DIFFERENCES

Washington, March 28.—Spanish labor leaders have entered into negotiations with the government with a view to adjusting the differences which resulted in recent strike troubles. The situation both in Madrid and Barcelona has improved greatly.

Strikers have been ordered back to work.

MR. HAWLEY PRESIDENT OF THE CLUB STATED THAT THE BRITISH DIRIGIBLE FLIGHT PROBABLY WOULD BE THE NEW R-33 OR R-34 WHICH HAVE BEEN ORDERED DURING THE PAST MONTH IN ENGLAND. THEY ARE RIGID, EACH ABOUT 700 FEET LONG, 800 FEET IN DIAMETER, 95 FEET HIGH AND LIFT ABOUT 65 TONS.

"They can easily make the trip in about 48 hours from England, flying at an altitude of upwards of 6,000 feet," Mr. Hawley said.

Ship Builders And Metal Men Reach Agreement

(By The Associated Press.)

WASHINGTON, March 28.—No new working agreement between Pacific coast ship builders and the Metal Trades Union was signed by the conference of ship owners and union delegates in session here. Representatives of the unions today said they would have to submit the proposals to their unions.

While the Pacific coast union men were holding a final meeting last today, delegates of the Atlantic and Gulf coast yards completed drafting of an agreement which is to be submitted to the employers. The two agreements would affect about 200,000 workers on the east coast and 125,000 on the west coast.

Pacific union delegates took the position that their craftsmen must be consulted while the employees presented their final terms of agreement and prepared to leave Washington immediately.

Final Terms Outlined.
President O'Connell of the metal trades department of the American Federation of Labor said the final terms of the ship builders provided for the continuation of existing wages and working conditions from April 1 to Oct. 1 next, extension of the 44 hour week to the San Francisco yards and the creation of a conciliation board of five union men and five employers to act in labor disputes. The Atlantic and Gulf Coast agreement approved by the men provides for the reduction of a conciliation board which would adjust wages and working conditions with the proviso that existing wages and conditions continue until Oct. 1 next.

Labor officials stated tonight that they did not expect any serious difficulties to result from the failure of the Pacific coast locals to reach a new working agreement. Existing wages and working conditions will continue to prevail for some time, they said, and it is anticipated that local grievances can be settled locally.

Mr. O'Connell announced that officials of the emergency fleet corporation had promised to see that present wages and conditions continue for six months after April 1. Ship builders and workers in the east, he said, had but minor differences to settle in reaching a final agreement.

Mr. O'Connell announced that early in April the metal trades workers in the Great Lakes yard would meet at Cleveland to draft a new agreement.

Pacific coast builders have suggested that efforts to frame a new agreement be postponed until August when a meeting would be held at Portland, Ore., between the workers, employers and officers of the international unions. Meanwhile the present wages and conditions would continue in effect.

DARING HOLD-UP BY SIX UNMASKED BANDITS

DETROIT, Mich., March 28.—Herd of fourteen persons including several women patrons into the lavatory and the vault of the West Side branch of the Commonwealth State Bank here, six unmasked bandits this evening robbed the institution of \$10,000 in cash and unregistered liberty bonds which officials say may exceed \$65,000 in value.

Fifty thousand dollars in currency had been removed from the branch to the main office only a few hours before the holdup.

Two of the men stood guard outside the entrance to the bank while four entered with the man at their head waving a sawed off shotgun. Charles H. Mooney, cashier and Paul Mallick, his assistant were ordered from their cages and with several patrons forced to stand with upraised hands while the bank vault was being rifled. The bank attaches were then ordered into the vault together with four of the patrons and the big steel door closed. Eight other persons including several who came in after the bandits entered were ordered one by one into the lavatory.

The bandits then gathered up all the currency in sight and escaped in a big touring car. The theory of the police is that they were headed for Toledo and authorities of towns on the highway between that point and Detroit were immediately notified.

DIRIGIBLE MAY FLY ACROSS ATLANTIC

NEW YORK, March 28.—The aero club of America, announced tonight that it had received a cable message from the British air ministry saying it was considering an invitation by one of its huge dirigible balloons across the Atlantic to Atlantic City in May while the second Pan-American aeronautical expedition is in session there.

Mr. Hawley president of the club stated that the British dirigible flight probably would be the new R-33 or R-34 which have been ordered during the past month in England. They are rigid, each about 700 feet long, 800 feet in diameter, 95 feet high and lift about 65 tons.

"They can easily make the trip in about 48 hours from England, flying at an altitude of upwards of 6,000 feet," Mr. Hawley said.

LEVIATHAN HAS LEFT BREST WITH 12,000 ABROAD

Units from Wisconsin and Michigan Included Among Troops

(By The Associated Press.)

WASHINGTON, March 28.—Departure from France of the transport Leviathan with more than 12,000 troops aboard the Battleships Rhode Island and Virginia—all bringing units of the eighth fifth (Wisconsin) and Michigan National army division and two other transports was announced tonight by the war department. The Leviathan left Brest March 26 and is due to arrive in New York, April 2. The more than 12,000 troops aboard constitutes the largest number of troops ever carried by the giant transport.

The Leviathan has aboard the 338th and 340th infantry complete, the 337th infantry machine gun company and medical detachment, 160 field artillery brigade headquarters and the 339th gnd artillery of the eighty-fifth division. The transport also carries a number of casual units.

Brig. Gen. William C. Rivers, commanding the 160th field artillery brigade is aboard.

The battleship Virginia is due at Newport News, April 6, with the 330th machine gun battalion complete and a detachment of the 337th infantry of the 65th division and casuals.

The battleship Rhode Island is expected to arrive at Newport News April 6 bringing the 339th machine gun battalion of the eighty-fifth division.

The Transport Metaplan is due to arrive at New York April 6. The Transport Eastern Queen is scheduled to arrive at Newport News, April 8th with a few casuals.

CHURCH PUBLICITY PAYS.

Dr. Charles Stelze, publicity director for the Presbyterian churches, has added testimony to that given by other ministers that a newspaper campaign was largely responsible for the success of the \$40,000,000 drive in which the church has just engaged. "There is no agency," Dr. Stelze asserted, "which can be made quite so effective as the daily newspapers in enlisting the interest of those who do not go to church." The time was when necessary and improper. That day is past, just as much as the idea that the church organ was a desecration and music within the church walls represented the wiles of the devil.

A bill has been passed by the Illinois legislature which gives soldiers in the army service the right to vote at coming city elections. Friends of Jacksonville

men in the army service who want them to have a voice in the municipal affairs should hurry and send the necessary ballots. The election is only a little more than two weeks ahead and it will take nearly that time to secure ballot forms and forward them to army camps if the returns are received before the election day.

The American Army association may be the U. S. soldiers of the world war what the G. A. R. is to the men of '61. The American association is said to comprise 2,700 county units, sub-divided into posts of 1,000 members each. If this organization gets into effective working conditions it's influence will be something to reckon with.

If \$93,000,000 worth of improvements are being held up in Illinois on account of high prices of material the investigation which Senator John Daly and a committee of legislators is making is well worth while. These figures are based upon estimates of a group of architects who are familiar with a large number of tentative building plans. If contracts for such a vast amount of work can be let there need certainly be no further talk in Illinois this year about non-employment.

The anti-saloon league management has entered an emphatic denial to the charge that it is now planning an anti-tobacco campaign. Since the prohibition amendment has been ratified by more than the necessary number of states, the report of the league's attitude toward tobacco might be classified as "propaganda." It has no doubt been circulated by the liquor interests with the thought in view of impressing people that a studied effort is being made to curtail and abridge affairs which are purely a matter of personal privilege.

MAKE YOUR OWN GUESS.

Read the Chicago papers and you can get whatever opinion you want about the possibilities of the coming city election there. Bets with odds are offered on Thompson, Sweitzer and Hoyne. The campaign managers of each of these candidates have issued statements showing the reasons why their favorites are sure to win. From a down state view it certainly looks as if Thompson's chances are best, since he has the enormous strength of the city hall behind him and the opposition is dividing its strength between the two candidates. The mayor's war record is the only thing that offers any possibility of effecting his defeat.

IMPROVEMENTS PAY.

In a large city the other day a fire occasioned considerable loss in the district where the improvements were old and in bad repair. The real estate board of that city promptly went on record as regretting that the fire did not cause greater losses. Their reason was that experience has proven that in nearly every city at some house or business buildings finally get into such bad state of repair that a public prejudice against the district is built up and property either cannot be sold or the value steadily declines.

Here in Jacksonville in some few localities a fire would in the end be beneficial. In a city of this size residence or business buildings are seldom torn down. The old frame work is kept through long years—perhaps the necessary repairing is done but the structure doesn't keep pace with modern

ideas and the values shift to other localities. It is a fact investors sometimes find it hard to believe and nearly every building improvement made brings an individual or a district price deterioration.

FREE SCHOOL BOOKS.

If a bill now before the legislature passes school boards will have the right to furnish school text books if 5 per cent of the voters in the district so petition. With such a low percentage necessary boards in almost every city will be required to meet this condition. The law will certainly provide still another argument for boards in indicating that higher taxes are necessary if equipment is to be kept in condition and teachers paid the increased salaries that living conditions suggest.

WISE IMMIGRATION RESTRICTION.

Now that the relations of the U. S. with old world countries are so much more intimate than was formerly true, it would be difficult indeed to prohibit immigration. For this reason the law changes proposed by U. S. bureau of immigration are especially worthy of consideration. It is proposed to register all aliens and place them upon a probationary basis. All comers would be required to meet certain requirements of mental and physical fitness.

Now the U. S. must prove a candidate for admission unfit but under the proposed rules the man or woman of a foreign land would be required to show the reasons why he or she should be admitted to the privileges of residence here. European nations could certainly find no just fault with such requirements.

Rippling Rhymes
By Walt Mason

Rural Delivery.
In winter, when the tempests rage, I sit in my upholstered cage, before a cherry blaze, and think about the postmen bold who, in the blizzard raw and cold, undaunted go their way. I see them as from town they go, to journey thirty miles or so, o'er heavily country roads, and wish I had J. Milton's lyre, that I might sing, with proper fire, some eulogistic lodes. When wintry tempest rips and tears, we snuggle down in cozy chairs, and read detective tales; but on his route the postman goes, and faces every wind that blows, and all the tinnhorn gales. Through every kind of mist and storm, while others bask in houses warm, the postman has to chase; the sleet is made of frozen rain, and where it hits it leaves a pain—all day it swats his face. The snow lands on him by the peak the rain is running down his neck, Dame Nature's maudlin tears; till, still he drives through mud and sleet; his shoes are full of frozen feet, and slush is in his ears. He earns a hundred bones a day; alas, alas, his meagre pay deserves the country's scorn; his children cry in vain for pie, for he has just enough to buy his pony hay and corn.

PUBLIC SALE
M. L. Robinson of Manchester will hold a clearing up sale of farm implements, stock, etc., at his farm one and one-half miles north of Manchester, about the middle of April. The exact date of the sale will be announced later. Watch for it.

NOTICE.

WINCHESTER

Winchester, March 28.—Capt. Ora Lee Campbell is home on a short furlough from Camp Sheridan, visiting his wife and little daughter, and his parents, Mr. and Mrs. Douglas Campbell. He returned several weeks ago from overseas service but has not yet received his discharge.

Joseph Henson has again moved his harness shop to the east room under the old opera house at the southwest corner of the square.

A son arrived at the home of Mr. and Mrs. Chester Neat Thursday.

Clyde North was a business visitor in Jacksonville Friday.

Mrs. Thoma, widow of Pueblo, Colo., arrived Thursday night for a visit at the home of Mr. and Mrs. D. D. Watt and other relatives.

The Eastern Star held a special meeting Friday evening. Mrs. James Vainwright was admitted to membership. A pleasing program was given, and after the work a delicious luncheon was served.

Virgil Budke of St. Louis arrived in Winchester Friday for a short visit with relatives and friends.

For Sale—Rose bushes and shrubs at S. S. Kresge Co.

McLain also made a quit claim deed to Orville McLain for his interest in the south half of the southeast quarter etc., 3-16-12. Bessie and Vinton Bourn, Tillie and August Schone also made quit claim deeds to Orville McLain.

ONCE MORE WE OFFER That good American Nougat for today only at 30c per lb. THE PEACOCK INN

MATT STARR POST

G. A. R. TO MOVE.

At a meeting of Matt Starr post held last evening it was decided to change quarters to Red Men's hall at once and arrangements were made accordingly. The move was made for a double purpose cheaper rent and at the same time quarters more desirable in many respects. The new place is especially satisfactory to the ladies of the Relief Corps and will serve the double purpose for both orders.

Regular meetings are held the second and fourth friends of each month, and hereafter it has been decided to meet at 4:30 in the afternoon instead of at night, as many of the comrades are getting old and cannot get out at night, and some live in the country and find it more desirable to meet in the daytime. It is a little sad to contemplate the fact that before many years there will be no post at all, as the members are growing fewer every year.

Double S. & H. Green Trading Stamps at Ward's Sanitary Bakery, 210 West State St. Order early.

WELL KNOWN GOOD ROADS MAN PRAISES TUBO

Vernon Rexroat, agent or Tubo, the famous ingredient for instantly closing punctures in tires, is in receipt of the following letter from Leroy R. Craig, well known good roads advocate which speaks for itself:

Jacksonville, Ill.
March 27, 1919.
V. E. Rexroat,
Jacksonville, Ill.
Dear Sir:

Answering your inquiry as to Tubo, I have used it in my tires nearly a year, driving 12,000 miles. Tubo preserves the inner tubes, eliminating rim cuts and pinches and closing tread punctures instantly and automatically. No car owner can afford to be without it.
(Signed) L. R. Craig.

There will be a demonstration of Tubo today on the East Side of the Square.

All the newest shades of navy, brown and black Silk Bags. Priced from \$2.50 to \$10.00.
H. J. & L. M. SMITH

OBJECTIONS FILED TO JOHN D. CAIN

A petition was filed in the office of acting City Clerk W. F. Widmayer yesterday, objecting to the name of John D. Cain being placed on the ballot in the coming election.

The objector is S. L. Biggs and in the brief document filed he sets forth the claim that Mr. Cain's name should not appear on the ballot because he filed his petition for nomination one day later than the legal requirement. The petition goes on to state that the name of Edithworth E. Wells should appear on the ballot, as he had the next highest vote to Mr. Cain in the primary election.

WON THE PRIZE.
The Columbian Life Insurance Co., offered a prize for the best list of renewals in any one office. It is called a cashier's prize and the coveted funds were secured in this city by the local agency, so that Earl Spink and Miss Florence Biggs will have \$75 to divide between them.

PHI ALPHA WON IN ANNUAL DEBATE

Defeated Sigma Pi in Debate Friday Night—Government Ownership of Railroads Subject of Debate.

The joint debate between the Phi Alpha and Sigma Pi societies of Illinois college attracted a large audience last evening and the affair was highly creditable to the participants. Both sides had evidently worked hard in preparing for the contest and each presented his arguments in a masterly manner. The elocution was good and the whole affair was pleasing and the large audience was fully in sympathy with the speakers.

The question was "Resolved, That the Government Should Own and Operate the Railroads of the Country." The affirmative was ably represented by the Sigma Pi society with Messrs. Charles Capps, E. J. Lukeman and Allen Smith. The speakers presented their arguments in a strong manner showing how competition would be eliminated and many economies would follow. They cited the post office department in support of their contention and claimed that government control would do away with many agencies and consolidate facilities.

The negative was presented by Messrs. Francis Taylor, B. Underwood and L. Hagstrom. They claimed that private regulation accomplished the good there was in government control without its objections. They showed the great loss sustained by the post office department; the power of the fifty thousand rural carriers had to defeat a proposed law; they mentioned the vast political machinery which would inevitably follow and the evils of having two million employees in government service. They showed the failure the government had made with the railroad management already in the fact that government and municipal ownership are contrary to the genius of the land; that enormous political abuses would follow and the present pork barrel so much criticised would be enormously increased in size while no publicly managed enterprise ever had been as well cared for as private.

The judges were Judge Martin of Virginia, Rev. E. B. Landis, pastor of Westminster church and H. H. Vasconcellos, county superintendent of schools and the decision was two to one in favor of the negative.

Social Events

Unity Workers of Woodson Church Met.

The Unity Workers of the Woodson Presbyterian church met Thursday afternoon at the home of Mrs. Earl Sorrells with a good attendance of members. After the devotional exercises came a business session during which the treasurer gave a report of the year's work. A rising vote of thanks was accorded the president for her faithful services to the society. The election of officers took place, resulting as follows:

President—Mrs. J. Hoagland.
1st vice president—Mrs. William Rook.
2nd vice president—Mrs. W. L. Rook.

Secretary—Miss Jane Irlam.
Treasurer—Mrs. George Cunningham.

Organist—Mrs. Glasgow.
The meeting closed with a selection on the graphophone and the benediction by the president. Following the formal program came a social hour, during which the hostess served delicious refreshments. The April meeting will be held at the home of Mrs. William Nicol.

Dance at Peacock Inn.
Last evening Oren White and Jean Clute gave a dance at the Peacock Inn for a number of young friends. The Randall orchestra supplied the music and a very pleasant time was enjoyed.

TUBO
See the demonstration today, East Side Sq. TUBO stops punctures instantly. Come, see us prove it.

Best time to buy that spring suit at Knoles'.

DEATHS

Dailey.

George W. Dailey died at his home in Springfield at 5 o'clock Friday morning. Deceased was the son of Mr. and Mrs. Israel Dailey and was born near Prentice January 25, 1864.

He is survived by two brothers and two sisters James and Lloyd Dailey and Mrs. Maude Jinkins of Springfield and Mrs. George Cramer, of this city.

The remains will arrive in the city over the Wabash at 12:45 o'clock and will be taken directly to Jacksonville cemetery where funeral services will be held and burial made.

Hills.

Albert Edmond Hills died at the family home near Lynnville at 4 o'clock Friday morning of pneumonia after a brief illness.

Deceased was the son of Leonard A. and Sarah McFarland Hills and was born near Lynnville May 23, 1886 being 2 years, 10 months and 5 days old at the time of death.

He was united in marriage to Miss Kate Adela Fearnough who survives together with two children Blanche Lenora and Harold Eugene. He also leaves his parents and one brother Adam Hills now in France and one sister, Mrs. Oliver Dickenson of Lynnville.

Mr. Hills was a member of Lynnville Christian church. He was a farmer by occupation and was a man highly respected in the community in which he lived.

Funeral services will be held from the M. E. church in Lynnville Sunday morning at 10:30 o'clock with burial in Diamond Grove cemetery.

West.

Clarence E. West infant son of Mr. and Mrs. John West died at the family home 915 North Diamond street at 3:30 o'clock Friday afternoon of pneumonia after a week's illness. He was born July 22, 1917.

Besides the parents four brothers and one sister survive, Jesse, Earl, Harry and Emma residing at home and Edgar residing near Chicago. The family only recently moved to the city from Joy Prairie.

Funeral services will be held from the residence at 3 o'clock Sunday afternoon. Burial will be in Jacksonville cemetery.

Stetson stiff hats are being worn by many good dressers and a good assortment is shown at FRANK BYRNS' Hat Store.

PUBLIC WELFARE OFFICIALS VISIT JACKSONVILLE

Charles Thorne, A. L. Bowen and Frank D. Whipp of the department of public welfare, came from Springfield yesterday afternoon to attend Miss Bruhn's final lecture at the State School for the Deaf. It will be remembered that in accordance with arrangements approved by the department Miss Bruhn, who is an authority on lip reading instruction, has been here a week for a lecture series. A formal reception followed the lecture, especially in honor of the representatives of the state department.

In the evening pictures of institution life were presented by Mr. Whipp. The subject matter was prepared under Mr. Whipp's direction and his explanation was of a kind to give the audience a much more comprehensive understanding of the work intended and accomplished. The pictures indicated also in a very certain way that there have been definite and beneficial advances in institution management during recent years.

For Sale—Rose bushes and shrubs at S. S. Kresge Co.

The "Laundress" Who Does Bed Linen So Exquisitely

Clean, crisp bed linens are so attractive—so conducive to healthful rest, but the average laundress does not relish the task of doing them. Besides the home laundress is not equipped to do them properly.

At a reasonable cost we will do your linens every week in our sunny workrooms. We have scientific equipment and methods for handling the finest pieces.

They are washed in clear, pure water and the mildest of soap chips. The water passes and repasses through the fabric. The result is complete cleanliness without injury to the goods. They are not rubbed on a rough wash board.

We do not iron linens with a heavy iron, but press them between the softly padded surfaces of a roller ironer. This gives a smooth velvety finish that is a delight to the eye.

We will demonstrate on your first bundle the superiority of modern methods over the best home work.

THE ENDING OF WARS Hear H. M. BEARDSLEY Congregational Church Tomorrow Evening

AT THE COURT HOUSE TONIGHT Men and women are invited to the special meeting arranged for colored voters at the court house tonight at 7:30 o'clock. Lieut. Col. Otis Duncan of Springfield will speak on issues of interest to the colored race and their welfare and Capt. R. V. Byrd of Quincy will speak on behalf of the Republican state central committee. Lieut. Pinkett of Omaha, recently returned from overseas army service, will also speak. The meeting promises to be one of great public interest.

PENNYPACKER SEZ: Our quality and prices are sure to please. Read the Central Market adv. on page 4.

Mason Rowe, of the Prest-o-Lite station, went to Springfield Friday to attend the K. of P. Special sessions being held there.

TRIANGLE CLUB IS ORGANIZED

The triangle club is an organization of about twenty young men of Central Christian church. A chicken dinner was served at the church last night to which the young lady friends of the members were invited and there was a total company of nearly forty. Following the serving of the dinner a short program was given. There were several vocal selections and an orchestra made up of club members played.

Lawrence Henderson is the president of the club and made a short address, telling something of the purpose of the organization. The other officers are:

Vice president—Virgil Skinnel. Secretary—Harry Howard. Treasurer—Wilbur Gibbs. Chairman publicity committee—Lloyd Carter.

Chairman social and entertainment committee—Harold Hall.

Monthly meetings are to be held and an evening dinner will be a semi-annual affair. Rev. M. L. Pontius started the movement which resulted in the organization of the club, altho all the details were left to the young men themselves. Mr. Pontius spoke briefly last night in a very suggestive way. The triangle club purposes to help out in church matters and in some community affairs as well. The motto is "Sincere social fellowship" and the aspiration of the members is to answer in a worth while way the question, "What is worth while but to make life worth living?" By fall it is hoped that a special room at the church may be set aside for the uses of the club with a reading room and possibly social features.

PENNYPACKER SEZ: Our quality and prices are sure to please. Read the Central Market adv. on page 4.

COLLEGE Y. M. C. A. IS ORGANIZED

Henry Best and John Martin are at Northwestern college at Naperville to attend a conference of college Y. M. C. A. officers.

In more than a recent reorganization of Y. M. C. A. work and there have been numerous problems come up for consideration. The Y. M. C. A. at Illinois college was recently reorganized and a program of effective work has been outlined. The officers chosen were:

President—Henry Best. Vice president—Homer Thompson. Secretary—Edward Thies.

Treasurer—William Friedland. Chairman membership committee—Edward Tomlinson.

Chairman discussion committee—John Martin.

Faculty adviser—Professor Laacy.

Meetings are to be held each Tuesday evening from 7 to 8 o'clock and the program as prepared includes the discussion of various student life problems.

H. M. BEARDSLEY on THE ENDING OF WARS Tomorrow Evening COMMUNITY FORUM Congregational Church

WILL TALK ABOUT LEAGUE OF NATIONS

The formal announcement has not been made, it is understood that Dr. Garner, who has the chair of political science at the University of Illinois, has been secured for an address at Jacksonville in the interest of the League of Nations. This meeting will be held at the David Prince in accordance with the call recently issued by a number of Jacksonville citizens.

FINE POTATOES.

In the window of J. K. Long's printery on West Morgan street are some sample potatoes sent to him by Albert H. Hall, formerly a resident here. Mr. Hall raised these potatoes in southern California and they are certainly of splendid size.

BAD COLDS ARE OFTEN DANGEROUS

Dr. Bell's Pine-Tar-Honey Helps to relieve a cold.

It lessens the danger of health-destroying after-effects. It brings relief to that stuffed-up head, those phlegm-clogged lungs, that irritating racking cough, and soothes inflammation. Money Talks

Sneer at it, despise it, squander it, yet money talks, and the whole world hearkens. It whispers hope to the despairing. It brings comfort to the starving. It is the friend of life. It is the pillar of success. PUT YOUR MONEY IN THIS BANK, where it will be "FRIEND IN NEED—A Friend Indeed."

F. G. Farrell & Company Bankers

PERSONAL TO READERS OF THE JOURNAL

I, J. E. Thompson, of Murrayville, make a personal plea with each voter to be at the polls next Tuesday and vote for Floyd E. Thompson for Judge of Supreme Court; not in a political way as this should not be political; Appellate Court Bench never has more than 5 to 4 or one political party; President Taft appointed a democrat to fill a vacancy. This court now has five republicans and one democrat. We will not allow 6 to 1 in this court.

Further Thompson is a young, strong man, both physically and mentally, broad minded, holds no prejudice against anyone on account of politics and religion, respecting each and all. Is endorsed by best of lawyers and highest officers in law in the bar. He being competent and deserving, will appreciate as a special favor to myself also any vote for Floyd as we call him, he being my nephew, born and raised in north part of Greene county. Born on farm; by teaching in winter and farming in summer, worked his way for education in law by his determined efforts put him where he is and will elect him next Tuesday. Was elected State's Attorney in Rock Island County the second term by a majority of 2,300 against majority of 3,000 leading the party ticket over 5,000 votes, shows where he is known best the people vote for him regardless of politics. See that none near you are indifferent and not vote next Tuesday. Persuade them to go to the polls and vote for Floyd E. Thompson.—J. E. Thompson. (adv.)

YOU have spent your money for a car and the tires are its weakest part. YOU well know with the use of air the tires are never worn out, and many of them go to the junk pile from a blowout or rimcut long before the tread is worn out. These two things alone cause you to lose 50 to 75 per cent of the actual mileage that you should get out of the tires. SO DON'T lose any more time or money on the air system. DON'T trust to luck when you can trust to NATIONAL RUBBER TIRE FILLER, the perfect substitute for air, and ride in a care-free confidence, free from that ever present nerve-racking dread of tire trouble.

Give it a Chance

There are only two places in your whole car that need water.

One is the radiator.

The other is the battery.

If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries

CROWDER CALLED A REACTIONARY.

NATCHEZ, Miss., March 28.—Senator Chamberlain of Oregon, chairman of the senate military affairs committee upon learning of Secretary Baker's announcement that Lieutenant Col. Ansell's reply to Major General Crowder's statement in regard to courts martial would not be made public, tonight declared General Crowder represents the reactionary element of the army and that Colonel Ansell is an exponent of the progressive element.

MUST LIQUIDATE COMMUNIST PARTY

BUDAPEST, March 28.—(Via Copenhagen By the Associated Press.)—Bela Kun, the Hungarian foreign minister in an address to delegates of the old communist party on the change in regime, declared that with the inception of united revolutionary action the moment had arrived to liquidate the communist party.

The Soviet constitution Bela Kun continued was being worked out on the basis of instructions by Lenin the Russian Bolshevik premier, but that Lenin had declared it was unnecessary to copy the mistakes of the Russian revolution. A dictatorship, the foreign minister added did not necessarily signify terrorism which was only one of a dictatorship's weapons to be used when needful.

Bela Kun's resolution dissolving the communist party and forming a united proletarian party was carried unanimously.

By a government order former Ministers Alexander Szfak, and Joseph Szfenzl have been lodged in prison.

PROPOSE ANNEXATION TO SWITZERLAND

PARIS, March 28.—By the Associated Press.—According to reports received by the peace conference delegates from German Austria have made advances to the Swiss government proposing the annexation to Switzerland, not only of Vorarlberg province on her eastern frontier but all of German Austria including Vienna.

Switzerland, the reports say, refused to entertain any such idea as it would destroy the character of the federation. The Swiss government expressed a willingness to adhere only to the annexation of Liechtenstein, the population of which has already taken steps in this direction.

TANKS WILL SCALE PIKE'S PEAK.

Washington, March 28.—Pike's Peak will be ascended by a battle tank as an advertising feature of the Victory Liberty Loan before the loan campaign opens. J. M. Worley, publicity director of the loan organization of the Kansas City district asked authority from the treasury to have the tank now at Kansas City make the ascent and today the permission was granted.

FAMOUS HORSE TRAINER DEAD.

Bloomington, Ill., March 28.—James Hoyt, for 40 years a trainer of harness horses and widely known in the middlewest among horsemen, dropped dead yesterday at Funk's Grove, near here. He was 64 years old.

PREDICTS LABOR SHORTAGE

New York, March 28.—America's job shortage will have been transformed by mid-summer into a labor shortage, John B. Densmore, director-general of the United States employment service predicted tonight in an address. He urged that employers make every effort to provide jobs for returning soldiers and others in the intervening months asserting that employment was the best preventive of Bolshevism.

SHIPYARDS MAY CLOSE

San Francisco, Cal., March 28.—Unless approximately 10,000 machinists and boilermakers now on strike return to work at an early date all ship yards in the San Francisco Bay region will close making idle more than 40,000 workers it was announced tonight by officials of the California Metal Trades Association.

ENGLISH FIGHTER TAKES COUNT

Baltimore, Md., March 28.—Tommy Bowler of England was knocked out by Billy Miske of St. Paul, in the fourth round of a scheduled 12-round bout here tonight.

DEORO TAKES BIG LEAD

Detroit, March 28.—Alfred De Oro, three cushion billiard champion led Gus Copulos, challenger, by 44 points at the end of tonight's block of their 150 point match. The match now stands 100 to 56.

REPRODUCES REPLY TO POPE

Copenhagen, March 28.—(By the Associated Press.)—The Cologne Volks Zeitung reproduces an autograph reply to Pope Benedict to a request of Cardinal von Hartmann, archbishop of Cologne that the pontiff intervene to secure the release of German prisoners of war. The pope in his reply is reported as saying he consulted with an exalted personage.

FINLAND PLEASED BY FOOD RELIEF

STOCKHOLM, March 28.—The Helsingfors newspapers say that Food Administrator Hoover's generous donation to the relief of the Finns has been received everywhere in Finland with gratitude, strengthening the feeling of sympathy with America.

ATTACKS CENSORSHIP SYSTEM OF U. S.

St. Louis, Mo., March 28.—Gov. Henry Allen of Kansas in an address here today attacked the system of censorship used by the United States with reference to letters written home by soldiers, declaring it contained all the German foolishness without the German intelligence.

GOVERNOR ALLEN REITERATED CHARGES PREVIOUSLY MADE BY HIM THAT THE 35TH DIVISION COMPOSED OF MISSOURI AND KANSAS TROOPS LACKED SUPPLIES AND COMFORT AND DECLARED THAT AT ONE TIME HE COUNTED 1200 WOUNDED MEN LYING IN MUD WITHOUT EVEN HEAD RESTS.

LUMBERMEN MEET

Washington, March 28.—Representatives of the lumber industry held another conference today with the industrial board of the department of commerce in an effort to reach an agreement on price readjustments.

ENTERS UPON DUTIES AS "LISTENING POST"

Chicago, March 28.—Captain Victor Heintz of Cincinnati entered on his duties today as "listening post" for the Republican national committee at headquarters here. The captain who wears the D. S. C. conferred on him by General Pershing for gallantry in the Argonne fighting where he was twice wounded, was a congressman when the war broke out. He resigned to enter the service.

WILL ENFORCE PROHIBITION

St. Paul, March 28.—In spite of defeat of the two per cent beer amendment to the prohibition enforcement law in the house the amendment was reintroduced today by the senate committee and the bill then favorably reported. The measure aims to prescribe regulations under which the federal prohibition amendment will be enforced.

DEMAND INDEPENDENCE

Washington, March 28.—Members of a delegation of prominent Filipinos who will see Secretary Baker on April 30 are expected to present a petition for the complete independence of the Philippines.

BULLETINS

ARCHANGEL, March 28.—(By The Associated Press.)—The first detachment of American railway troops destined for work on the Murman railway have arrived on the Murman coast. Other detachments are expected to follow soon.

BUENOS AIRES, March 28.—Mounted gendarmes armed with rifles patrolled the Avenida de Mayo all night last night because of threatened clashes between radicals.

PARIS, March 28.—(Havas.)—Adrian Mithouard, president of the Municipal Council of Paris, died today.

WARSAW, Thursday, March 27.—(By The Associated Press.)—The Polish diet today unanimously agreed to the proposition providing that political, economic and military conventions should be entered into at the earliest possible moment with the entente powers. This action is interpreted as expressing the desire for a close alliance of Poland with the entente powers.

PARIS, March 28.—(By The Associated Press.)—News was received here today that Germans are increasing the garrison at Danzig. This is taken as indicating an intention to resist whatever disposition the peace conference may make of the port.

LONDON, March 28.—Reuter's Paris correspondent says he learns that the American peace delegates are prepared to agree with the British delegates on their view concerning the Polish corridor to Danzig.

PARIS, March 28.—(By The Associated Press.)—The German financial delegates will meet with the representatives of the supreme economic council sometime during the coming week at Compiègne about forty miles northeast of Paris.

BERLIN, March 28.—(By The Associated Press.)—The Lokal Anzeiger thinks that a serious situation has arisen thru the exchange of notes between General Nudant and the German government. The newspaper fears that General Nudant's note has no other aim than to deliver Danzig to the Poles and counsel the government not to yield an inch.

WILLIAM HENKEL DEAD.

New York, March 28.—William Henkel, United States marshal for the southern district of New York under four presidents, died here today, aged 60 years. He was a delegate to every Republican national convention during the last quarter of a century.

DEPRIVED OF THEIR PEERAGE.

London, March 28.—The Duke of Albany, the Duke of Cumberland, a cousin of the late King Edward, both served with the German forces for a part at least of the late war. Each man was a royal duke of Great Britain.

REPRODUCES REPLY TO POPE

Copenhagen, March 28.—(By the Associated Press.)—The Cologne Volks Zeitung reproduces an autograph reply to Pope Benedict to a request of Cardinal von Hartmann, archbishop of Cologne that the pontiff intervene to secure the release of German prisoners of war. The pope in his reply is reported as saying he consulted with an exalted personage.

FINLAND PLEASED BY FOOD RELIEF

STOCKHOLM, March 28.—The Helsingfors newspapers say that Food Administrator Hoover's generous donation to the relief of the Finns has been received everywhere in Finland with gratitude, strengthening the feeling of sympathy with America.

ATTACKS CENSORSHIP SYSTEM OF U. S.

St. Louis, Mo., March 28.—Gov. Henry Allen of Kansas in an address here today attacked the system of censorship used by the United States with reference to letters written home by soldiers, declaring it contained all the German foolishness without the German intelligence.

GOVERNOR ALLEN REITERATED CHARGES PREVIOUSLY MADE BY HIM THAT THE 35TH DIVISION COMPOSED OF MISSOURI AND KANSAS TROOPS LACKED SUPPLIES AND COMFORT AND DECLARED THAT AT ONE TIME HE COUNTED 1200 WOUNDED MEN LYING IN MUD WITHOUT EVEN HEAD RESTS.

LUMBERMEN MEET

Washington, March 28.—Representatives of the lumber industry held another conference today with the industrial board of the department of commerce in an effort to reach an agreement on price readjustments.

ENTERS UPON DUTIES AS "LISTENING POST"

Chicago, March 28.—Captain Victor Heintz of Cincinnati entered on his duties today as "listening post" for the Republican national committee at headquarters here. The captain who wears the D. S. C. conferred on him by General Pershing for gallantry in the Argonne fighting where he was twice wounded, was a congressman when the war broke out. He resigned to enter the service.

WILL ENFORCE PROHIBITION

DEMAND INDEPENDENCE

Washington, March 28.—Members of a delegation of prominent Filipinos who will see Secretary Baker on April 30 are expected to present a petition for the complete independence of the Philippines.

IRISH COMMITTEE GOING TO PARIS

WASHINGTON, March 28.—Passports were granted by the state department today to Frank P. Walsh, former joint chairman of the war labor board, Edward F. Dunner former governor of Illinois and Michael K. Ryan, former Pennsylvania public service commissioner, who are going to Paris to present Ireland's claims at the peace conference as spokesmen of the Irish race convention held last month at Philadelphia.

Mr. Walsh and Mr. Ryan stated that the purpose of the mission was "to obtain for the delegates selected by the people of Ireland a hearing at the peace conference and to place before the conference if that hearing be not given the case of Ireland; her insistence upon her right of self-determination; and to international recognition of the Republican form of government established by her people."

BLACKMAILING PLOT AGAINST GEN. PHELAN

SAN JOSE, Cal., March 28.—A threatening letter signed "C. C. of C." has been received by United States Senator James D. Phelan at his country estate at Saratoga, it was learned today. The letter was received by Senator Phelan in San Francisco, March 20, but was not made public until today. It demanded payment of \$2,000 for the writer, backing up the demand by various threats which were not made public.

Senator Phelan announced that he would pay no attention to the demand and that the police are busy in an effort to trace the writer.

U. S. WILL RECEIVE POTASH FROM GERMANY

WASHINGTON, March 28.—Senator Hitchcock of Nebraska today was advised through the state department by Bernard Baruch, former chairman of the war industries board and now with the American peace commission that in return for food to Germany the United States is to receive potash in part payment.

There was nothing in Mr. Baruch's message to indicate the quantity of potash to be sent nor when the first shipment would arrive.

THOUSANDS DIE FROM ILL-TREATMENT

BRUSSELS, March 28.—Six thousand Belgian civilians died during the war as the result of German ill-treatment according to an official report made in the chamber of deputies Thursday during a debate on the reparations due civilian victims of the war. Seven thousand children were made orphans and 125,000 men were deported from Belgium by the Germans.

The indemnity which can be claimed from Germany by Belgium on this account is estimated at 900,000,000 francs. The minister of economic affairs declared that all damages will be fully indemnified by the Germans.

FINLAND PLEASED BY FOOD RELIEF

STOCKHOLM, March 28.—The Helsingfors newspapers say that Food Administrator Hoover's generous donation to the relief of the Finns has been received everywhere in Finland with gratitude, strengthening the feeling of sympathy with America.

Announcement was made in Washington, late in December that on recommendation of Herbert C. Hoover the shipment of 14,000 tons of food to Finland has been used.

ATTACKS CENSORSHIP SYSTEM OF U. S.

St. Louis, Mo., March 28.—Gov. Henry Allen of Kansas in an address here today attacked the system of censorship used by the United States with reference to letters written home by soldiers, declaring it contained all the German foolishness without the German intelligence.

Gov. Allen reiterated charges previously made by him that the 35th division composed of Missouri and Kansas troops lacked supplies and comfort and declared that at one time he counted 1200 wounded men lying in mud without even head rests.

LUMBERMEN MEET

Washington, March 28.—Representatives of the lumber industry held another conference today with the industrial board of the department of commerce in an effort to reach an agreement on price readjustments.

ENTERS UPON DUTIES AS "LISTENING POST"

Chicago, March 28.—Captain Victor Heintz of Cincinnati entered on his duties today as "listening post" for the Republican national committee at headquarters here. The captain who wears the D. S. C. conferred on him by General Pershing for gallantry in the Argonne fighting where he was twice wounded, was a congressman when the war broke out. He resigned to enter the service.

MISUNDERSTANDING OF SIX YEARS CLEARED

SAN FRANCISCO, March 28.—While making ready the Steamer "Herman," on which he is to sail for the Arctic on April 2, Captain C. T. Pedersen met Viljmur Stefansson the explorer here today for the first time since 1912 when Pedersen was engaged by Stefansson to navigate the ill-fated Steamer Karluk before the command was turned over to Captain Robert A. Bartlett. With the meeting was cleared a misunderstanding of which, it proves, Captain Pedersen was the innocent and unsuspecting author and the explorer the victim as the result of an interview ascribed to Pedersen in which the latter was quoted as stating that Stefansson was directly responsible for the loss of the Karluk.

Stefansson said that in some quarters he had been criticised for permitting the Karluk to undertake the perilous Arctic voyage because of the reported unseaworthiness of the vessel and for the further reason that Captain Bartlett the commander of the Karluk was obeying his (Stefansson's) navigating instructions when the vessel met with destruction in the ice pack.

"Since the destruction of the Karluk in the ice in 1914 when eleven members of her crew of twenty-five men perished," said Mr. Stefansson to the Associated Press, "I have been held more or less responsible for their deaths especially among the friends and relatives of those who were lost. Among the criticisms has been one to the effect that the Karluk was unsuited for the work called for. Among those who recommended the Karluk and on whose judgment I relied in the purchase of the vessel was Captain Pedersen. It was with surprise that I read a short time after the disaster an interview in which Captain Pedersen was quoted as saying that had he been in command of the Karluk he would have led the ship exactly as had been done by Bartlett."

"After the lapse of six years I met Captain Pedersen today to find that he never had made any such statement."

ELECTION TUESDAY, APRIL FIRST

FROM EDITORIAL, ROCK ISLAND UNION:
"George H. Wilson possesses every qualification to make him a useful and valuable member of that important court. His knowledge of law covers the entire field of jurisprudence, gained by actual experience."

FROM EDITORIAL, QUINCY WHIG:
"Mr. Wilson in his public life has been broad, comprehensive. Illinois must soon revise her state constitution. The interpretation, to make it a working theory, calls for men of Mr. Wilson's ability, experience and training on the Supreme bench."

MOLINE DISPATCH:
"He is a lawyer of ability, integrity and experience."

EXTRA PRECAUTIONS TO SAFEGUARD WILSON
PARIS, March 28.—(By the Associated Press.)—Increased precautions have been taken to safeguard President Wilson and his family. Not even the chief of the American secret service squad is informed as to when the meetings will take place. Some of the newspapers have carried in their morning editions a schedule of the movements of President Wilson with the result that crowds of thousands have gathered to witness the arrival of President Wilson and his conferees. There has been no special incident to bring about this extraordinary care but it is obvious that the people of Paris are becoming too well acquainted with the time and place of the meetings and that this fact caused a determination to adopt a minimum any chance of danger. President Wilson himself appears to be unworried. The enormous amount of work President Wilson has undertaken has forced him to reduce the time prescribed as necessary for relaxation but in every twenty-four hours he takes a short walk either with Mrs. Wilson or Rear-Admiral Grayson. His affairs are entirely lacking in the president's daily routine.

DEMAND LANDING TROOPS AT DANZIG
AMSTERDAM, March 28.—The allied note to Germany demanding that Polish troops be allowed to land at Danzig declared that refusal by Germany would be regarded as a breach of the armistice, a Berlin dispatch said. The German government replied that it would not take the responsibility for permitting the Poles to land at Danzig, but was prepared to facilitate a landing at Stettin, Koenigsberg, Memel or Libau.

For several weeks negotiations have been in progress to send the three Polish divisions in France under General Haller to Poland. It was proposed to land them at Danzig and then send them into Poland, but Germany objected to this plan and offered other ports as substitutes. The German attitude against their landing at Danzig has been that the Poles might remain there and hold that port which the Poles claim as their outlet to the Baltic.

The demand for Stetson staple hats can be best supplied at FRANK BYRNS' Hat Store.

BIRTHS
Born, Friday afternoon to Mr. and Mrs. Claude Servoss residing north of the city, a daughter.
A daughter was born Friday evening to Mr. and Mrs. Roy Young, residing east of the city.

VIEWS GIVEN ON UNION OF COUNTRIES
PARIS, March 28.—A symposium of the views of Austrian statement on the question of the eventual union of German-Austria and Germany is presented by the Petit Parisien.

President Seitz would not refuse to grant a plebiscite because he does fear a return of German imperialism after its failure. Foreign Minister Boehm declared German-Austria was without resources and could not exist alone. It must be united with Germany.

Dr. Renner, the chancellor believes that the union of Austria and Germany is already completed. Count Czernin, former Austro-Hungarian foreign minister thinks that the Austrian situation must remain undetermined until the peace negotiations are completed. He would then favor a referendum.

Miss Charlotte Hayden of the faculty of Monticello seminary is an over Sunday visitor at the home of her parents, Dr. and Mrs. F. S. Hayden on West College avenue.

Mrs. F. J. Waddell is in Chicago and returning home will be accompanied by Miss Frances Waddell, who is to have an Easter vacation from her school work at Lake Forest university.

Miss Frances Strawn is here from Monticello for a brief spring vacation at the home of her parents, Mr. and Mrs. J. Frank Strawn, on Mound avenue.

THIRTY KILLED
Venice, March 28.—(Havas.)—Thirty persons were killed and 30 others injured by the explosion of an oil tank steamer here yesterday.

PAYS TRIBUTE TO PORTUGUESE TROOPS
Lisbon, March 28.—(By the Associated Press.)—A brilliant fete inaugurating Portugal's red triangle huts was held today under the auspices of Col. Thomas H. Burch the American minister who in a speech extolled the work of the Red Cross and the bravery of the Portuguese soldiers.

POLICE STATION ROBBED
St. Louis, Mo., March 28.—Central police station today was robbed of \$39 and Captain Albert Schwartz has offered a reward of \$25 for information leading to the arrest of the robber. The stolen money was the property of prisoners.

REDS FALLING BACK
Stockholm, March 28.—(French Wireless Service.)—The Bolsheviks continue to fall back along their entire western front north of the Pripiet marshes according to a report from Kovno. It is expected that Vilna will soon be evacuated by the Bolsheviks.

W. M. Lee was down to the city from Peoria Friday.

TERRIFIC BLIZZARD STRIKES NEW YORK

New York, March 28.—Relief within a few hours was forecast by the weather bureau today from the March blizzard which swept the city today, paralyzing the harbor traffic, breaking many telegraph and telephone lines and causing traffic congestion unrivaled during the winter.

Lashed by a gale that rose at times to a velocity of 90 miles an hour the Norwegian Bark Yola and the Standard Bark Socony were driven ashore in the harbor. Two men caught a half mile off shore in a small boat were drowned when the craft capsized.

Many steamers due here today including the troop ships Santa Ana and Santa Oliva, were compelled to delay entry into the harbor.

Neither the Santa Ana nor the Santa Oliva has reported by wireless since the storm broke.

In the city scores of minor accidents were reported. Surface cars, automobiles and wagons were in frequent collision. Twenty-four persons, fourteen of them children and five women, were rescued tonight by naval tugboats as they were drifting out to sea in five barges which were torn from moorings in the lower bay by the storm.

DECLARE NUN KILLED BY MRS. LYPCHINSKI
TRAVERSE CITY, Mich., March 28.—Testifying at the hearing of Mrs. Stanislaw Lypchinski charged with the murder of Sister Mary Johas who disappeared from the Isadore convent eleven years ago, Jacob Flees, sexton of the Isadore church said today that Father Edward Podlewski, until recently pastor of the Little Polish church had told him the missing nun was killed by Mrs. Lypchinski.

On instructions from Father Podlewski, Flees said he exhumed a body supposed to be that of Sister Mary from the church basement last summer. Flees did not know the source of the priest's information he said, and added that he was cautioned to do the work secretly.

Flees told his story to county authorities recently and their investigation resulted in the arrest of Mrs. Lypchinski who at the time of Sister Mary's disappearance was a priest's housekeeper at Isadore.

MORE FUNDS FOR RAIL ADMINISTRATION

WASHINGTON, March 28.—Advances by the war finance corporation to keep the rail transportation system of the country in operation until congress can make necessary appropriations reached a total of nearly \$135,000,000 today. Eleven more loans were announced amounting to \$12,549,000.

The Chicago, Rock Island & Pacific received the largest sum today, \$2,800,000. The Lehigh Valley was supplied \$2,400,000; the New York Central \$2,000,000 and the Chicago, Milwaukee & St. Paul \$1,600,000. All the other loans were for less than seven figures as follows:

Michigan Central \$992,000; Chesapeake & Ohio \$800,000; Boston & Maine \$728,000; Wheeling & Lake Erie \$618,000; Cleveland, Cincinnati, Chicago & St. Louis \$340,000; Buffalo, Rochester & Pittsburgh \$208,000 and Lake Erie & Western \$62,400.

Knoles has attractions in fine spring goods.

FIFTEEN INJURED BY AN EXPLOSION
WASHINGTON, March 28.—Fifteen men, including a number of soldiers were injured by an explosion today at the ordnance proving grounds at Aberdeen, Maryland.

Reports to the war department said the original explosion was started by a fire of undetermined origin in a shed in which 240 millimeter bombs were being loaded and the concussion was transmitted to other sheds with resulting property losses estimated at \$50,000.

None of the men were seriously injured. A commission has been appointed to investigate the fire and explosion.

The New LIGHT-FOUR

THE New Studebaker LIGHT-FOUR is a roomy comfortable car—decidedly in a class by itself.

It is the lowest-priced high-quality car on the market. The same fine alloy steel—chrome nickel and chrome vanadium, the same complete equipment of Timken bearings, the same lustrous and lasting color and varnish work are found on this car that you find on the higher priced models.

The thorough satisfaction of this car is evidenced by the thousands of letters from enthusiastic owners.

Here is One Thing That is Absolutely Impossible.

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be

You never knew of rheumatism that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that rheumatism is a disordered condition of the blood. How then can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of rheumatism. It cleanses and purifies the blood by routing out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 431 Swift Laboratory, Atlanta, Ga.

NOTICE TO BIDDERS.

City of Jacksonville, Illinois

Earth Dam, Filter Plant and Apurtenances.

Sealed proposals for and Earth Dam and Filter Plant, will be received by the City of Jacksonville until 12 o'clock noon, on the 11th day of April 1919.

The work for which proposals are invited, includes an earth dam about 600 feet long, Concrete Spillway, a Water Filtrate Plant of 1.5 million gallons capacity with all appurtenances, according to Plans and Specifications on file in the office of the City Engineer of Jacksonville, Illinois, and of Pearce & Greeley, Engineers, 64 W. Randolph St., Chicago, Ill.

A certified check or security bond, acceptable to the city to the sum of \$500.00 shall be deposited with each bid. Bids may be made on the Dam and Filter Plant as separate contracts, or together as one.

Plans and Specifications may be secured upon deposit of \$5.00.

The City Council reserves the right to reject any or all bids, waive any informality in the bids and to accept any bid which it deems most favorable to the City of Jacksonville.

A GOOD PIECE OF WORK.

Yesterday morning two of the members of the county board armed with the proper tools and with a spirit of determination not to be baffled by ordinary obstacles, descended in force on the offending bridge across the creek on Morton avenue and put it in good shape. They then proceeded to the high bridge over the Q road and treated that in the same manner, greatly to the satisfaction of all in that vicinity.

Stetson hats, in the various new shapes and shades, now shown by **FRANK BYRNS' Hat Store.**

GOOD FISHING IN THE RIVER

Visitors at Meredosia and other river places say the water is quite high and going higher but still though it is muddy the river has lots of good fishing in it and many fine catches are reported. Along some points fish are offered for sale and reasonable prices are reported.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use **Foley's Honey and Tar.**

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of **Foley's Honey and Tar** is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearville, W. Va., writes: "One of my patrons had a small child taken with croup. They came to my store and bought a bottle of **Foley's Honey and Tar** and before morning the child was entirely recovered."

COLLEGE NOTES

The Devereux Players of New York City have been engaged by the faculty to present three plays on Friday and Saturday April 4th and 5th. These players have appeared before Harvard, Columbia and the University of Illinois. The following plays will be presented:

Friday night, "The Great Gaboto," by Jose Echegaray.

Saturday night, "The Bear" by Anton Tchekhoff.

Saturday afternoon, "Indian Summer" by Mailhae and Halevy.

"The Stronger" by August Strindberg.

"Love and Geography" by Bjornstjerne Bjornson.

Mr. A. C. Metcalf has attended the group meetings of the Jacksonville District this week. As one of the Five Minute Men he has given a "model" five minute speech at the request of District Superintendent Fletcher.

Miss Miriam Sipple of Pekin, Illinois has been elected president of the Students' Association for the year 1919-20. During the present year she is president of the Y. W. C. A.

Rev. J. O. Kirkpatrick, pastor of West Jacksonville, attended the Friday chapel and offered prayer.

Vive-President Nyman will preach in Trinity church, Urbana Sunday, March 30.

The Seniors entertained in honor of the Juniors Saturday evening at dinner in the Colonial Inn.

The dinner Thursday evening was enlivened by the singing of the French club. The club had special tables and was entertaining afterwards in the Social Room by presentation of Chantecler.

Miss Ruth Harker lead the Y. W. C. A. Sunday March 23. The subject was "Leadership." Miss Esther Davis sang "My Task."

HOURS FOR CHURCH SERVICES ARE FIXED

Ministerial Association Decides Upon Hours Under New Time

—Morning Service at 8 o'clock—Evening Service at 8 o'clock.

At a special session of the Ministerial Association held Friday afternoon the hours for Sunday services under the new time which goes into effect Sunday morning were fixed.

The new time becomes operative at 2 o'clock Sunday morning. All the citizen has to do before retiring Saturday is to set the clock forward one hour and then just go by clock time. The only change in the church service is the time of the evening service which will begin at 8 o'clock instead of 7:30 o'clock as heretofore. The time for the various services follows:

Sunday school at 9:30 a. m.

Morning worship at 10:45.

Young People's service at 7 p. m.

Evening worship at 8 p. m.

SPECIAL SERVICES AT ALEXANDER CHURCH

Meetings to be held at M. E. Church Next Week in Charge of Pastor, Rev. J. A. Betcher — Jacksonville Ministers to Speak — Other News Notes.

Special services will be held at the Alexander M. E. church every evening next week except Saturday evening. In charge of the pastor, Rev. J. A. Betcher, Dr. E. L. Fletcher and Rev. W. R. Leslie of Jacksonville will be present at the services on one or more nights during the week. There will be no services at the church Sunday afternoon but there will be services Sunday evening at 7:30 o'clock. Everyone is cordially invited to attend these special meetings.

Mr. and Mrs. James Ledford of Pekin are visiting relatives at Alexander.

Mrs. Ernest Strawn spent Thursday and Friday with friends in Jacksonville.

Miss Pearl Winner of near Prentice is visiting her sister, Mrs. W. E. Morrow of Alexander.

The officers of the Jacksonville Farmers Mutual County Fire Insurance Co., are: Chas. A. Rowe, Pres.; John W. Leach, Vice Pres.; A. C. Rice, Secy.; C. S. Black, Treas.; Geo. H. Hall, A. A. Dyer, George Coultas, Amos Swain and J. A. Litter, Directors.

IMPORTANT NOTICE
MR. J. HERMAN IS EXPECTED HOME THIS MORNING FROM THE READY-TO-WEAR AND MILLINERY MARKETS, WITH A BIG LOT OF DOLMANS, CAPES, COATS, SUITS, DRESSES AND MILLINERY, IN ADDITION TO THE WONDERFUL ASSORTMENT ALREADY RECEIVED AT THE STORE FRIDAY.

FORUM SPEAKER HAS NATIONAL REPUTATION

Henry M. Beardsley, LL. D., is known from coast to coast. He has been president of the Upper House of the Kansas City Common Council and of the Board of Works. He is a member of the law firm of Beardsley & Beardsley of Kansas City. Since 1902 he has been president of the Kansas City Y. M. C. A. one of the most efficient organizations in the country.

Dr. Beardsley is also the retiring moderator of the National Council of Congregational Churches of America. He has served his city as mayor and his profession as president of the Kansas City Bar Association. The program committee of the Community Forum is to be congratulated in bringing to this city a man of the caliber of Dr. Beardsley; his subject on Sunday evening will be "The end of Wars." At a time when the thought of this speaker is in the heart and mind of the best thinking people the subject seems peculiarly appropriate for consideration.

HOME MADE PIE SALE
Saturday at 10 a. m. at Dr. Kopper's office, cor. of E. State and Square. First Baptist church, for benefit of building fund.

TRAPPED FLYING SQUIRREL
Dr. H. L. Griswold recently set a trap for rats that he thought were making away with a supply of nuts in the attic of his home. He was greatly surprised yesterday to find a squirrel in the trap and still more surprised on examination to discover that it was a flying squirrel. Animals of this type are seldom seen in this locality.

Miss Ruth Mayes of Meredosia buys Model 90 Touring Car of Berger Motor Co., March 27.

L. E. and K. W. Lynn of Oakford were arrivals in Jacksonville yesterday.

CAMPAIGN PLAN FOR PASSAVANT HOSPITAL

Campaign Shortly to be Inaugurated to Raise Funds for the Institution—Addition Recently Completed is Model of Its Kind.

A special meeting of the trustees of Passavant hospital and ministers of the city was called at the hospital building yesterday afternoon to consider vital questions concerning the welfare of the enterprise. The visitors were led through the beautiful new addition and all greatly admired everything pertaining to it.

The doors are artistically made, the windows have the latest model fastenings, the rooms are provided with toilet and closet facilities, there is a bright sunny sun porch on the south side, and everything pertaining to the addition is prepared in first class manner. The place is ready for the future and will be greatly in demand by all needing hospital facilities. In fact one minister said it was almost worth while to be sick in such a place.

There are twenty rooms, all on the first floor, and provided with everything that heart could wish. Instead of a bell to be rung by the patient the touch of a thumb on a button starts a red light above the door and the nurse entering the patient's room immediately extinguishes it. Everything has been provided to make this addition most attractive.

The boiler house has been finished and a new boiler lies on the ground, ready to be set and connections made, and the steam heating and plumbing are yet to be done. And while they are about it a laundry is most imperatively needed. In brief, after using the money on hand and making some collections deemed good, the institution will need \$15,000 to pay what is due the present contractor, complete the work and construct the laundry.

Hospital Care of the Churches. Some years ago when the association for works of benevolence of mercy of the Evangelical Lutheran church was unable longer to continue the work of a hospital, it was taken over by the churches of the city and later the property was formally deeded to the local organization, which is composed of two trustees from each church, two from the hospital aid society and one from the ministerial association. These representing the churches are the legal owners of the hospital property and are obligated of the churches of this city. When it was placed before them some years ago it was fully and completely explained and the churches all voted to become responsible for the hospital and its management.

And it is the child of the churches; they have adopted it and should see it thru. A special emphasis was laid upon this fact and one of those present insisted that the churches not fully understand it and again it was emphasized that they voted to undertake it, the trustees they named have full charge and authority, and the hospital is the child of the churches, to be cared for by them and it is their religious duty to do it. The worth of the enterprise, its work, its need and its history need no further explanation or elaboration for surely it is understood.

The Work to Begin Now.
It was decided at the meeting that each pastor permit a layman to make a short address Sunday regarding the matter and that each minister be requested to preach on the subject a week from tomorrow, in order fully to place before the people the entire matter in its true light. Then a committee will be organized and a drive will be made to secure the fund. Every church in Jacksonville and the churches in the county is interested in this. It is not alone a city enterprise but for the county and all contiguous territory.

Patients are received from counties adjacent to this and all are cared for to the best ability of those in charge. There is a and which enable the hospital to do a little free work, but not as much as its managers would like. Then there is a list of beds the charge for which is less than half the cost, and others are of course a higher price and the only effort is to come out even at the end of the year.

PARENT-TEACHER ASSOCIATION MET

High School Organization met in David Prince Auditorium—Addresses by Principal Hopkins, Rev. W. H. Marbach and Supt. Perrin.

The first meeting of the Parent-Teachers Association of the high school was held in the auditorium of the David Prince building Friday night with a good attendance of members. Owing to the closing of the school by the influenza epidemic last fall, no meetings had been held during the present school term.

The meeting was called to order by the president Mrs. Cogswell and Miss Minnie Balcke read the minutes of the last meeting which were approved as read.

The program opened with a violin solo by Miss Majorie Black. It proved so acceptable that the audience demanded an encore which was given.

Mrs. Cogswell then introduced Principal H. C. Hopkins who, the chair said had not been able to meet with parents because of health conditions the past year.

Prof. Hopkins expressed his pleasure at being given an opportunity to meet with the parents of the pupils. The speaker emphasized the fact that most high school boys and girls are good and do not need to be driven to get their lessons. He said this was especially true in Jacksonville where the standard was high and that there were only a few who needed corrective measures.

Following Mr. Hopkins Lindley Williamson gave a vocal solo and upon insistent demands gave an encore.

Rev. W. H. Marbach pastor of State Street church was then introduced and gave a splendid talk. The speaker based his remarks upon his experiences as chaplain in the army as they related to the problem of the schools.

Mr. Marbach was able to impress upon his hearers that things revealed in the army were such as would have a vital bearing on the work of the schools. The speaker dwelt upon the alarming amount of illiteracy which army examinations developed. In some instances the men had never been on a railroad train and when they arrived at the cantonment asked if they were in France.

The lesson Mr. Marbach drew from the present great war was cooperation of all influences for the common good.

"Can we evolve some good for humanity from the sacrifice represented by the gold stars in the service flag which you have placed in this room?"

"I believe we can," said the speaker. "It must come from the cooperation of the school and the home with the church and every other agency organized for the common good and to make a better and safer world."

Supt. H. A. Perrin also was called upon and made a few brief remarks about the work of the schools. Mr. Perrin always has something of interest to say when talking upon educational matters and last evening was no exception. Following the talks and business session refreshments were served.

HIGH GRADE GASOLINE! More Mileage! More Power! FILLING STATION for "Indian" Gasoline BRYANT'S GARAGE and Supply House "Everything for a Ford" Cor. S. West and W. Morgan

SUIT BROUGHT TO QUIET TITLE.

In the circuit court yesterday H. P. Samuel filed a bill to quiet title, in which John R. and Lydia J. Keltner are the complainants, and Samuel Matthews, Susan Matthews et al., are the defendants. The real estate involved is 160 acres of land in section 26, township 16, range 9. It is set forth that the complainants derived title to this land in 1909 from Samuel Fox and wife, and that because of defective description and failure to properly administer on the estate or make proof of heirship, there are clouds in the title of the premises described.

The court is therefore asked to enter an order which will straighten out the title defects. There are numerous defendants, including Curtis Holmes, Sarah Holmes, Samuel Litter, Lucinda Litter, Horatio Eades, Margaret C. Eades, Matilda P. Grant, Margaret Worth, Priscilla J. Rusk, William H. Eades, Lenah M. Hayden, Olive E. Wakeley, William O. Eades, Thomas H. Eades, Eades Rusk, Malinda Lovelace et al.

PROBATE COURT.

In the estate of John Tranberg, petition for the probate of the will was received and a hearing was continued to April 2.

In the estate of N. B. Fox, petition for letters of administration was approved and letters were ordered to issue to N. T. Fox.

In the guardianship of Helen E. Henry, letters were ordered to issue to Lee Wyatt and bond fixed in the sum of \$400.

In the estate of Peyton Henry, final report was approved.

In the matter of the guardianship of Dorothy Brainer, the final report of Dorothy J. Hoffman as guardian was received and approved.

NEW SILK BAGS Just received. H. J. & L. M. SMITH

M. A. Olson of Quincy was a caller on Jacksonville people yesterday.

THE MAKING OF HATS FRANK BYRNS' THEME

Well Known Business Man Speaker at Rotary Club—Film Produced at Stetson Factory.

Frank Byrns was the speaker at the Rotary club luncheon yesterday and his theme was hat making, with special reference to the John B. Stetson Co. The custom of Rotary has already been mentioned as having each member at some time during the year speak about some phase of the business in which he is engaged. At a previous meeting H. M. Capps as president was instructed to appoint three delegates including himself, to represent the club here at the district conference to be held in Joliet April 11 and 12. Mr. Capps announced the appointment of W. L. Fay and Rev. M. L. Pontius.

Film Shows Processes.
The John B. Stetson Co. has an interesting film giving the story of hat making in a very interesting and instructive way and Mr. Byrns had arranged to have this film for use yesterday.

The picture machine belonging to the tuberculosis society was secured and Rev. M. L. Pontius served as the operator. As the pictures were shown on an improvised screen, Mr. Byrns told something about the suggested facts. The speaker said that he had chosen the Stetson hat as his theme because Stetson hats can be secured by any reputable dealer, there being no exclusive agencies. Furthermore he said he had chosen this hat because the late John B. Stetson really made his success based upon the Rotary principle, "He profits most who serves best." In early years John B. Stetson was a journeyman hat maker, and following the principle enunciated above, he built up an enormous business and when he died was one of the wealthy men of the U. S.

"All honest dealers in hats give good values," said Mr. Byrns, "but very few really enter into the art of hat making. For each man there is the right hat and the most successful dealers are those who impress upon their salesmen the advisability of giving to each man the one best suited to him. It is said that there is a hat for every man and this strikes one as true, for we cannot think of George Washington wearing the same style hat as Sir Walter Scott or of Lincoln with a hat of the type that Napoleon wore. Imagine what Gen. Grant would look like wearing a piece of headgear like that accorded to the typical Englishman, stretching the imagination more, who can picture the cowboy wearing the cap of the Scotch Highlander or a Frenchman having donned the tam o' shanter? Were Gen. Pershing today wearing a hat of the kind that William Penn used, he would present a strange sight indeed."

The Origin of Styles.

Mr. Byrns, who has had ample experience as a hat salesman in the country store, in a department store on State street in Chicago, and in Jacksonville, gave some interesting observations about the varying tastes of men. He told also some interesting legends about the origin of styles in hats and said that one of these was the fact that the reason that the bow of men's hats was on the left side was because in days long ago the wild men, who spent their time in spearing game in the wilderness used the skins of animals for head covering and tied them up on the left side so that there was nothing hanging on the right side which might interfere with their vision or impede the arm in a way to mar the accuracy of spear throwing.

In the beginning the film showed beavers and other fur bearing animals that are essential in the hat industry. From these "raw materials" the picture carried the auditors on thru the various processes of hat making shown. The enormous amount of business done by the Stetson factory is indicated by the statement that the skins of more than 300,000 sheep, goats and other domestic animals are needed annually for making merely the sweat bands in the hats from the Stetson factory.

Wide Hats Here.

Mr. Byrns made the interesting comment that had the late John Goltra, who established the Goltra hat store in 1835, the predecessor of the Byrns store, been an organizer there might have been a hat factory in Jacksonville. Following the custom of merchants engaged in the hat trade in the earlier days, Mr. Goltra used to make hats here from the raw fur. In fact, hat making by hand continued thru a long period of years in all parts of the U. S. The talk which Mr. Byrns gave was on a subject about which his hearers had little or no previous knowledge and they enjoyed both the talk and the film.

TODAY

MYERS BROTHERS.

DOUBLE FUNERAL SERVICES AT FRANKLIN

Rites Said for Mr. and Mrs. John R. Jones Who Died at Centralia Mo.—Masons and Eastern Star in Charge at Grave.

Franklin, March 28.—Double funeral services for Mr. and Mrs. John R. Jones who died within a few days of each other at Centralia, Mo., were held from the Methodist Episcopal church this afternoon at 2 o'clock.

There was a large gathering of friends and relatives and the occasion was one of peculiar sadness. The Masons of which Mr. Jones was a member and the Order of the Eastern Star of which Mrs. Jones was a member attended the services in a body and carried out the funeral services of their respective orders at the grave.

At the church the services were conducted by the Rev. H. W. Miller. The music was furnished by Mrs. M. L. Anderson Mrs. H. W. Miller, Mrs. Frank Tribble, Edward and Norman Seymour, Miss May Bouliware with Mrs. Hershey Crain as organist.

There were many beautiful flowers and these were tenderly cared for by Mrs. Will Hart, Mrs. Charles McLamar, Miss Lou Duncan and Miss Chattie Duncan.

Burial was in Franklin cemetery the bearers were members of the Masonic fraternity and Order of the Eastern Star.

The bearers for Mr. Jones were: Chas. Ransdell, Ernest Ransdell, Henry Duncan, Otto Spies, Louis Massie and Finis Seymour.

The bearers for Mrs. Jones were: Mrs. Luther Wiley, Mrs. Noel Wiley Mrs. John Blane, Mrs. Ross Seymour, Miss Ola Gibson and Miss Grace Hill.

Ernest Hippen of Pekin is visiting friends in Winchester and accompanied them to the city yesterday.

MRS. J. W. DAVIS TO RETURN TO KANSAS

Mrs. J. W. Davis expects to leave Monday for her home near Ashton, Kansas, after an extended visit at the home of her daughter, Mrs. Henry W. Thies and family of this city and with other relatives and friends. Mr. and Mrs. Davis have recently sold their farm in the western state and may become residents of Illinois if they can find a satisfactory location. Until seven years ago they were Morgan county residents, living in the Markham vicinity, and will be gladly welcomed by their many friends here should they decide to return.
